## Sydney Australia High School “Vacanza Studio per estate ma anche con la possibilità di studiare per un anno all'estero”

We are inviting students interested in joining our Fully Escorted study tour from Rome to Sydney Australia, a tour with a difference!..

A great opportunity to invest and become a citizen of the world. Live your dream and come to Australia on vacation with full immersion of English.

Attend a English language school and make friends with great Australian teenagers keen on learning about Italy. Perfect your English speaking skills within the authentic Australian High School system. Or attend an Australian language school in Sydney Australia.

Full board accommodation with a local Australian family with 24/7 emergency contact.

Attend school like a regular Aussie teenager and have time with your host family on the weekends. You can go to the beach, city, sightseeing, shopping or play tennis. Families are selected and situated near the schools. We are looking forward to having you come and live the Australian Way and share our culture with yours.

Live an unforgettable experience being part of an Australian family so as to see what it means to live downunder.
